ANNOUNCEMENT

Given the evolving situation of the Coronavirus (COVID-19) and the speed with which it has been spreading around the world through personal contacts and crowds, and considering the paramount importance of ensuring the health and safety of our consular staff and the public, the Consular Outreach Mission for Omaha, Nebraska scheduled on 18 April 2020 is postponed. A new schedule will be announced accordingly.

The Philippine Consulate General in Chicago, which has consular jurisdiction over the U.S. Midwest, remains fully committed to providing efficient and effective consular services to our kababayans in the Midwest. We wish to assure them that the decision to postpone the outreach services was not taken lightly; nor without due and comprehensive consultations with appropriate authorities and stakeholders.

In the meantime, those holding Philippine passports which are expired or are expiring in the next six (6) months are advised to have their passports renewed at the Philippine Consulate General in Chicago, to avoid problems or inconvenience.

For questions or concerns, the Philippine Consulate General may be reached at email address chicagopcg@att.net.

Thank you.
